### **FROM THE PRINCIPAL'S DESK**

In these days of globalisation a changing trend in the field of education has been taking place. Every guardian wants his kids to be educated through English medium school for quality education. Private schools are given top priority in this regard. Assam Techno School, Hazipara, Howly is established with a view to impart quality education to the students of rural areas. The school authority tries to educate the students through natural set-up and in the play ground. The great educationists and philosophers like Socrates, Plato, Aristotle, Rousseau, Gandhi and Tagore gave prime importance to nature. Nature teaches men lessons of peace, purity, love and harmony.

Utmost care for skill development of the students has been taken through competitive examinations. Our students received International Rank 1 (in IEO), Academic Excellence Scholarship, Zonal Rank 1 (in IMO) and a number of Zonal Excellence awards in different Olympiads conducted by Science Olympiad Foundation (SOF) in collaboration with British Council.

The teachers appointed in the school are highly educated, confident, well experienced and trained. All the teachers have been found regular, sincere and punctual in discharging their duties.

I do believe that Assam Techno School, Howly will be a centre for excellence in near future.

*Omar Ali*

(Omar Ali Ahmed)

Principal

## **ABOUT THE SCHOOL**

**Assam Techno School, Howly**, founded by the “**Centre for Minority Research & Development, Howly**”, is a co-educational day-cum-boarding school providing quality education to the students to face the global challenges.

## **MISSION STATEMENT**

The School aims at preparing children to develop into successful citizen through right education. Besides academic excellence and intellectual development, the School endeavours to help each child to discover and develop one’s innate talents and abilities. It seeks to instil in the children proper habits, positive attitudes and values such as truthfulness, selflessness, self respect, self control, sense of duty, sense of social justice & responsibilities, good manners, fair play, team spirit, dignity of labour, punctuality, compassion, freedom of mind and a rational and scientific approach. Conscious effort will be made to foster pride in and love for the country and its great heritage and tradition showing tolerance and respect for all the religions.

The School will emphasise on the following points for all-round development of the students –

- ✎ To nurture academic excellence by teaching the curriculum creatively, holistically and insightfully and to foster in students the confidence they need to successfully meet the challenges the future will hurl at them.
- ✎ To inculcate values of social concern, compassion and discipline – essential for building up a strong character.
- ✎ To give students the knowledge and skills needed to grow into resourceful and responsible citizens of India and the world.
- ✎ To foster trust in Almighty as the ultimate upholder of life-affirming values and the eternal source of inspiration to all who strive for the realisation of the highest ideals. To foster respect to all the religions.
- ✎ Stimulating intellectual curiosity, directing and exercising the emotions, encouraging clear thinking, spiritual learning and creative thinking.
- ✎ Fostering capacity to tackle problems with great tolerance, to follow and sustain an argument, emphasizing the difference between truth and falsehood and between fact and feeling.

## **METHOD OF TEACHING**

The core philosophy of Assam Techno School is stress-free learning in natural set up. Its student-friendly education in a stimulating environment will transform each student into a confident individual for the future. They will be inculcated with leadership qualities and life skills to the fullest level possible.

### **PRE-PRIMARY DEPARTMENT**

Childhood is a sweet memory for each child. It is the earliest stage of human life and the ideal time for inculcating the best of habits and triggering the thinking process. The pre-primary section of Assam Techno School will be unique on all counts. The students will be taught in natural atmosphere that will stimulate students' curiosity to learn and explore the world around. Here, children will enjoy the learning process. They will celebrate life through play-way and fun filled methods. The curriculum is based on the child's innate need to develop intellectual and physical abilities. It aims to assist the total development of the child, so that it will be better prepared for life. Homely care will be taken which will help children to grow healthy and to increase their mental ability.

### **PRIMARY DEPARTMENT**

Assam Techno School will specially craft curriculum for Primary Department which lays the groundwork for a lifetime of success. It is aimed at engaging students in tackling real-world problems. The education they receive will enhance both their knowledge and creativity. Stress will be laid on 'Learning by Doing'. Students will be exposed to pictorial books and audio-visual programmes to inculcate their interest in learning. At the same time, it enables students to think, reason, make proper decisions, work as members of a team, and see their relationships growing. It is a perfect blend of academic syllabus and extracurricular activities. The main intention of this programme is to make the students understand the basics of the subjects in a simple and logical manner before they learn greater applications and solve complex problems.

### **MEDIUM OF INSTRUCTION**

As required by the CBSE, the medium of instruction is English. Hindi and Assamese are integral to the curriculum. They are offered as second and third languages respectively. Arabic and Sanskrit will be offered as optional classical languages. The Courses of study have been devised with the aim that students can take their Secondary and Senior School Certificate Examination of the Central Board of Secondary Education according to the 10+2 system of education.

### **BOARD AFFILIATION**

The School will apply for affiliation to the CBSE (Central Board of Secondary Education), Guwahati which conducts Class 10 and Class 12 examinations. CBSE norms are being followed while developing infrastructure, designing curriculum and staffing.

## **SPECIAL THRUST**

The curriculum will contain not only the stipulated syllabus but it will go beyond the syllabus to teach British Phonetics by specially trained teacher. Stress will be given on proper pronunciation of Hindi, Assamese, Arabic and Sanskrit languages by trained teacher. Vedic mathematics will be taught for making mathematics interesting and easy. Learning Robotics as a hobby will be facilitated.

## **FACILITIES**

### **HOSTEL**

Assam Techno School believes in providing a 'home-away-from-home' environment to the Boarders. The Hostel will be under the direct supervision of the Principal, who is also the Warden, assisted by other Resident Masters and Matrons who reside on the campus. Children from Standard I and above are eligible to be admitted to the Boarding, The children will enjoy wholesome and nutritious food.

### **TRANSPORTATION**

Transportation facilities are available for students residing in and around Hazipara. Drivers and conductors have sole responsibility for their respective routes and they are qualified above HSLC to be passionately committed to ensuring the safety of the children entrusted to their care. For further details regarding transportation, please contact the office.

### **PLAY GROUND**

There is a beautiful open space cum play ground provided with *Out door* play items which will help in physical & mental development of the students. Moreover *In door* play items are also provided for pre-primary students for re-creation.

### **HEALTH CAMPS**

Regular health camps will be conducted at the school premises by experienced Doctors and Health workers to educate the students regarding cleanliness, hygiene and preventive measures of diseases.

## **GEOGRAPHICAL LOCATION & CLIMATE**

The School is located near Joyen Bazar, Hazipara, 5 km towards West from Howly. It is in a peaceful location away from traffic, crowd and other pollution of a populated city. The climate is typical sub-tropical in nature. The summer is humid and the winter is mild.

## FACULTY

Well experienced, trained and specialized teacher for concerned subject will teach the students in student participatory mode. The teacher will be trained consistently to make the teaching & learning interesting. Teaching will be under strict vigilance of the Principal.
